

# Dorsal™ VHF Antenna

The new Shakespeare DORSAL™ antenna range was designed specifically for greater effectiveness in short-range applications. The fin shaped design removes the chance of the antenna getting snagged while the high impact and sealed ABS body ensures a longer life within harsh environments.

- Low profile fin shaped antenna
- Compact design, 4" x 2.3" x 2.5"
- Suitable for up to 10 miles range
- Supplied with 26ft RG58 cable and PL-259 plug standard
- Fully water sealed with rubber gasket included
- 2-year warranty
- Models:
  - 5912-DS-VHF-W (White)
  - 5912-DS-VHF (Black)

5912-DS-VHF-W
